

Instant Relief That Lasts

"After having FinESS™ treatment, my only regret was not having it sooner. I still occasionally take a deep breath just to enjoy how much easier I can breathe!"

– Rachel, FinESS™ Patient

Do you suffer from pain, pressure or other symptoms associated with chronic sinusitis? Ask your doctor about FinESS™ Sinus Treatment – the simple, less invasive way to enjoy instant relief and long-lasting results.

FinESS™ Sinus Treatment is now available at:

FinESS™ may be used to treat certain conditions affecting the sinuses behind your cheeks and eyes. Your physician will need to determine if your condition is one that may benefit from FinESS™. Possible side effects include, but are not limited to damage to a tooth or to the bone around it or to the bones around the sinuses, post-operative pain and swelling of your face, nose and cheek, allergic reactions to anesthesia or other medications administered during the FinESS™ procedure, excessive bleeding inside your nose or in your mouth, or infection. Your condition may not respond to this treatment. To learn more about this procedure and the potential risks, ask your physician or contact Entellus Medical directly at 1-866-620-7615 or www.entellusmedical.com.
